Chapter 3.100 DESIGN STANDARDS FOR OUTDOOR LIGHTING

*The Planning Department is assigned
Responsibility for administration of these design standards.*

Light trespass from a non-residential use abutting, or across the alley from, a residential district shall not exceed 0.5 foot candles at the residential property line. Techniques may include such methods as shielding and controlled cut-off fixtures, as well as proper alignment and location for lighting of the subject.

If any existing uses are extended, enlarged, moved, structurally altered, or reconstructed, this standard shall apply with respect to such extended, enlarged, moved, structurally altered or reconstructed uses.

Other related adopted lighting standards may be found as follows:
